And It was further Resolved, That we extend to the "*Churchman*" and the "*Christian Century*" our pledge to co-operate in their good work to free the youth of our country from the temptations with which contaminating motion pictures are pounding our youth.

AND IT WAS FURTHER RESOLVED, That copies of these resolutions be sent to the editors of the above named journals.

IT WAS RESOLVED, That the Missionary District of Arizona, in Convocation assembled, expresses to our Brother, The Rev. W. J. Dixon, in view of his recent retirement from the active ministry, its affectionate recognition of his long, devoted, and constructive service in this District, its gratitude for the influence of his spiritual, fraternal, and scholarly life in our midst, and our gratification that he is to continue to make his home within our bounds and our hearts, and prayerful wishes for his happiness during yet many years of fellowship with us in the abiding bonds of Christian love, and

WHEREAS, This Convocation marks the fifth anniversary of the ministry of the Rt. Rev. Walter Mitchell as Bishop of Arizona, and

WHEREAS, These years have been marked by an unselfish consecration of purpose and by an untiring energy and enthusiasm for the cause of Christ, so that the District of Arizona has made marked advances, therefore,

IT WAS RESOLVED, That this Convocation express to the Bishop our joy in these five years of fellowship, our appreciation of the growth of the District under his leadership, and our hope for many years to come of our happy relationship, and copies be sent to the leading papers of the country.

WHEREAS, The number of delegates attending the Annual Convocation of the District of Arizona, the Annual Meeting of the Woman's Auxiliary of the District, and the meetings of other organizations which convene in conjunction with the Convocation; and

WHEREAS, The cost of entertaining this annually increasing number of delegates places a heavy financial burden on the parish acting as host, and prohibits the smaller parishes and missions from enjoying the privileges and benefits which accrue to the parish acting as host to the Convocation and the Woman's Auxiliary; therefore,

IT WAS RESOLVED, That at all future meetings of the Convocation the entertaining parish shall be asked to provide places of meeting for the Convocation, the Woman's Auxiliary, and such other organizations of the District as shall meet in conjunction with the Convocation, and also to furnish luncheons to all delegates to the Convocation, the Woman's Auxiliary, and other District organizations meeting at time of Convocation, but shall not be asked or expected to furnish any other entertainment; and

WHEREAS, We have definite proposals from two other Communions to join with us in the use of this property, for which they will pay $500 per single week for such use; and further, that we already have $1,000 in the enterprise; therefore,

The following memorial was adopted:

In the passing of Martin LeBoutellier the Protestant Episcopal Church of Arizona has lost a conscientious worker and a true Christian.

He served our country through the great war, suffering injuries which finally overcame him, but throughout his fight for health in Arizona he served the Church actively and was unsparing of time and effort in advancing the influence of our Church.

In recognition of this unselfish service to his fellows,

BE IT RESOLVED: That the Protestant Episcopal Church of Arizona, in Convocation Assembled at Douglas, Arizona, this 12th day of February, 1931, recognize the service of Martin LeBoutellier and inscribe this acknowledgement on the records of the Church.

The Bishop introduced the new workers in the District to the Convocation: Rev. and Mrs. F. C. Rufle, Rev. J. A. TenBroeck, Miss Beauchamp, and the Rev. J. H. Pagan.

It was Resolved, That it has been a great pleasure to this Convocation to have been entertained so hospitably at Douglas this year. We therefore extend to the Rev. and Mrs. E. W. Simonson and to the members of St. Stephen's Church, Douglas, our grateful appreciation for all their kindnesses, and our joy at being able to be here at the time of Mr. Simonson's twenty-fifth anniversary. And we express to the Rev. and Mrs. Simonson our hope for many more splendid years in their fruitful ministry at Douglas.

APPENDIX NO. 1

REPORT OF THE ARCHDEACON

As Archdeacon, it is a pleasure to report that the past year has afforded me more opportunity for concentrated efforts along a single line of constructive endeavor than any previous year of my experience. The inauguration and development of work among our Mexican brethren has been most encouraging. We began a little over a year ago, on the last Sunday in January, in a store room of a Mexican Settlement in the edge of Alhambra, just across the Grand Canal on Grand Avenue. Twenty-eight children had responded to our preliminary canvass of the families of the neighborhood. To assist in the beginning of the work were Mrs. F. C. Green, of "Friendly House," a well-known Social Service Centre in Phoenix, the Misses Mary and Ethel Twitchell, of the Cathedral, and for two or three Sundays, Rev. Fred A. McNeil, Vicar of St. Andrew's. After a few attempts to conduct the work in English, on the supposition that most of the children attended the public school and would be able to speak and understand our language, we found that our supposition was entirely wrong, and that we should have to work in Spanish to accomplish anything worthwhile. Fortunately our assisting friends knew considerable Spanish, especially Mrs. Green, who had lived for many years in Mexico, and we were able to secure the further aid of a young Mexican Christian woman, Miss Helena Ramirez. As to the Archdeacon, he

knew no Spanish, but simply *had* to go to work to learn it. From the Spanish edition of the Prayer Book we arranged a brief liturgical service on cards, and also secured Spanish Gospel Hymn Books. The service was followed by class instruction.

In spite of a month's interruption caused by a small pox epidemic, we made substantial progress, especially after the middle of May, when we added to our staff the Rev. José H. Pagan, who had been in charge of a Mexican Presbyterian Church, from which he had resigned. From that time on everything boomed. We kept up the work all through the summer, except for a brief vacation in August, and also held several out-door services, with stereopticon slides and moving pictures, not only at Alhambra, but at Litchfield, at "Golden Gate," southeast of Phoenix, and also, without pictures, at Guadeloupe, near Chandler, where Mr. Pagan had previously held a number of services.

When fall came, there came also, from "281" in New York, Miss Isabel Beauchamp, a "U. T. O." worker. Then things did begin to hustle as never before. We acquired the use of two little adjoining buildings at Golden Gate, which we equipped for our uses, and began a Sunday Service and School. We also started a kindergarten, with Miss Beauchamp in charge, and a group of the G. F. S. and also another group at Alhambra. But now to give an adequate idea of what we are really doing today, let me outline our activities in both places.

First at Alhambra: Sunday Morning Service and Sunday School; membership about fifty, several families coming from the Walapai Brick Yard a mile away; Sunday Evening informal Gospel Service conducted by Mr. Pagan, with an attendance of fifty or more, men, women and children; Monday evening an enthusiastic Men's Club, with their own officers and with Mr. Pagan as advisor, and preceded by a Boys' Club; Tuesday afternoon a Mothers' Meeting, followed by the Girls' Friendly.

Then at Golden Gate: Sunday Afternoon Service and Sunday School; Kindergarten every school day; Friday afternoon Mothers' Meeting; Saturday morning Boys' Club; Saturday afternoon, Girls' Friendly. During Lent a preaching service will be held on a week evening.

In addition to the religious work and the organized activities, we have done much along personal and pastoral lines. Calls have been made constantly, and direct contacts with individuals as well as families have enlarged and deepened the scope of our influence.

We have had a baptism and a marriage, and several burials, usually bringing the people in to the Cathedral, which impresses them greatly. We have also done much in the way of relief in food, clothing, and medical care. Mrs. F. K. Carman, a school teacher from Glendale, who has had much experience in nursing, has acted as our official visiting nurse at Alhambra, especially during the spring and summer, when there was much sickness. Although during the summer vacation she accepted a certain amount of remuneration, since then she has taken only her mileage for her almost daily trips. She has been a great help to the health and morals of the people. We enjoy the fine co-operation of the County Health officers, and have received some financial assistance from the County Indigent Department. Finances have, of course, presented a big problem. The Bishop's resources are decidedly limited and our running expenses, plus the constant relief work, amount to considerable. I have had to raise by personal efforts several hundred dollars from among many good friends in Phoenix and elsewhere, and we are indebted to them for their willing help. If a sufficient appropriation were possible for this work, I feel confident that a tremendous field of great usefulness would open up before us.

Not all my time during the past year has been spent in Mexican work, although that line of activity has demanded most of my time and energy. In January, 1930, I closed my weekly engagements at Clarkdale which had extended through several months, and with much gratification turned matters over to the Rev. Mr. Rufle, who has been in charge ever since. Also during six or more weeks last fall, I spent my Sundays very happily in Jerome, trying to carry on for Mr. Williams during his sojourn at the Good Samaritan Hospital in Los Angeles. I could do this easily because our Mexican work was so well in hand under Mr. Pagan and Miss Beauchamp, that I wasn't very much missed on Sundays. I have also endeavored to assist Dean Lane at the Cathedral in various ways for the past few months, taking most of the early Sunday celebrations of the Holy Communion and instructing two Confirmation classes of young people.

The past year has been a very happy one, as far as my work has been concerned, and I hope I shall be able to put in a good year's work in 1931.

Respectfully submitted,

J. ROCKWOOD JENKINS.

APPENDIX NO. 2

REPORT OF THE FIELD DEPARTMENT

The blank report mailed out last month from this department to all rectors and vicars contained two questions which elicited thought-provoking answers. The first was: "Did you have outside speakers or assistants in 'putting over' your Every Member Canvass? If so, was such assistance valuable, and would you urge its wider employment?"

Four parishes had outside speakers, according to the answers received. Three of the four considered this outside help to be of great value; the fourth made no comment whatever, simply gave the name of the speaker. We presume that "silence gives consent" in this matter. We hasten to add that the speaker who received no comment was a visitor in the state, and that no one who hears this report need have any cause for believing that his assistance was not of real value. The three members of this District who acted on the "Flying Squadron," two clergy and one lay, were all commended most highly by the vicars they served.

One of our clergy expresed himself as follows concerning outside speakers: "Personally I am unalterably opposed to such high-powered salesmanship methods as the Church generally seems to advocate." Another said: "Next year I shall welcome such outside stimulus, if possible to secure it." Still another: "Outside help of the right kind is helpful, though not always necessary."

Opinion seemed, on the whole, to be equally divided on this point. Some were for it and some "agin" it. The Field Department will continue its efforts to supply speakers to those parishes and missions which desire them, leaving this matter in the hands of the parties concerned, where it properly belongs.

The second question asked by this department showed no such division of opinion. The question was: "What is your opinion of the value of the literature supplied by the Field Department?"

A considerable majority were of the opinion that the literature had practically no value. One vicar expressed himself frankly, echoing an opinion that has appeared often of late in the Church press. He said: "I am honestly persuaded that most folks regard the literature as so much material for the trash basket, and an extravagant use of money given for 'missionary' purposes." A few clergy declared the literature had been of help, but they did not seem overly enthusiastic.

This is an important matter. The national Field Department spends between ten and fifteen thousand dollars a year in preparing and printing this literature. If it is simply material for the "trash basket" it represents a scandalous squandering of funds. The printing bill of the Field Department would pay the salaries of a half dozen or more missionaries. A new church could be built every year in some important but under-financed field of work. To consign thousands of dollars to the trash basket, when they were contributed to advance the Kingdom of God, is a sin. We append a resolution to this report, which as a body we neither recommend nor disapprove, in order that some definite expression of opinion may be secured.

This department has been much interested in a plan for a province-wide mission on the work of the Church inaugurated by the Fourth Province, and drafted by the brother of our Bishop, The Rev. Bland Mitchell of Alabama. The plan calls for a group of selected men to undertake a sort of Crusade to the parishes and missions in the Province, giving much needed instruction on the missionary work of the Church. A detailed scheme has been worked out for the Fourth Province, too lengthy to be incorporated in this report, which could, we think, be adopted by the Province of the Pacific with only a few necessary changes. This proposed Teaching Mission is to be conducted along lines familiar to our clergy and people since the Bishop's Crusade in 1927. It is to be a teaching, as differentiated from a preaching, mission, but the general set-up is the same. The success of the plan, we think, depends upon the calibre of the men chosen to be the teachers. It will require special ability and training. Your department therefore feels that it is a matter which should not be undertaken by the District alone, but should be referred to the Field Department of the Province, with our hearty endorsement. One of our resolutions is concerned with this.

> RESOLVED, That it be called to the attention of parish treasurers and clergy that one-twelfth of the quota and assessment is due each month; and that this resolution be read at the next meeting, following this Convocation of each vestry and Bishop's committee in the District.
>
> RESOLVED, That the Suggested Plan for a Provincial Teaching Mission on "The Church's Mission" be endorsed by this Convocation and submitted to the Provincial Field Department for action.

APPENDIX NO. 3

DEPARTMENT OF MISSIONS

The Department of Missions begs to report a very encouraging advance in Church Activity in spite of the depression.

1. In South Tucson the Rev. Mr. Rainey has commenced a work which is rapidly developing into something worth while. Services are well attended. A fine work among boys has been organized, the Women's Guild is doing good work, and the present building has become too small for the Sunday School. Larger quarters are needed.

2. Mr. Simpson continues to extend his field of service. In the very near future he will have to be given an assistant. Three new Guild Halls have been built; one at St. John's, Aguila, one at St. George's, Saddle Mountain, another at St. James' on the Desert at Renegras Valley.

3. The Rev. H. Moore, our other circuit rider, has opened up three new preaching stations at Pearce, Riggs Settlement, and Turkey Creek. A good example of the use of Lay Readers.

4. Work among Mexicans has been at last started. The Archdeacon has lead in this splendid venture. A Missionary, the Rev. Mr. Pagan, has been appointed and with the aid of a U. T. O. worker, services, clubs, and church school have been organized at Alhambra. A school has also been started at Golden Gate. The response on the part of the Mexicans has been most encouraging.

5. The Mission of St. Andrew's, Phoenix, has steadily advanced in every way. The Church School has developed to such an extent that fifty new chairs are needed. Work has been begun in the northeastern section of Phoenix which is expected to become a permanent center of Church activity.

6. In the Coolidge Irrigation section services are being held alternately at Casa Grande and Florence on Sundays by the Rev. Mr. Sutton and a week-day service at Hayden has been revived. Steps will have to be taken shortly to meet the needs of this growing work.

The Committee recommends that these good works be developed before commencing other new work.

Resolution adopted.

G. O. T. BRUCE,
Chairman.

APPENDIX NO. 4

DEPARTMENT OF RELIGIOUS EDUCATION

The Department of Religious Education begs to report a year of active work, gratifying in its results.

Inasmuch as the work of this department covers several different lines of activity we will take them one by one.

I. The Arizona Vacation Conference or Summer School.

In the 1930 term of the school there were eight separate courses of instruction for adults and a Vacation Bible School for the children, each of these a standard unit of the National Accredited Leaders Association, with credits given for work satisfactorily done.

On our faculty we had Bishop Mitchell, the Rev. Frederick G. Deis, General Secretary of the National Council, the Very Rev. Harry Beal, D.D., Dean of the Cathedral in Los Angeles, the Rev. Stephen C. Clark, Jr., Rector of St. Mark's Church, Pasadena, California, besides Dean Lane and others of our own clergy.

The evening mass meetings, due to the fact that we could not use the dining-room as an assembly hall, were held out of doors, generally around a huge bonfire provided by the boys of Camp Mitchell, and were pronounced by all a huge success.

An outstanding feature of the school was Camp Mitchell, a group of twenty-four boys from our twelve Arizona chapters of the Brotherhood of St. Andrew, quartered in army tents on the fine wooded hills of the Sanatorium property. Mr. Walter McPherson, Field Secretary of the Brotherhood of St. Andrew, ably assisted by three Counselors, had entire charge of this camp, and to him and his assistants is due the credit for its success.

Altogether there were ninety-one registered attendants exclusive of visitors. Of these, eighty-two were full time attendants and nine part time attendants.

Financially also the school was a success, as the following items will show:

Receipts for board, registration fees, and one gift	$874.50
Disbursements	860.71
Balance, remitted to Bishop Mitchell	$ 13.79

Two points should be noted here: first, Bishop Mitchell paid a $50.00 rental for the use of the property, an item that

does not show on our books; second, china, silver and cooking utensils costing $141.10 reported in disbursements are permanent equipment for the school which we were able to buy and pay for after paying current expenses.

We wish here to acknowledge our indebtedness to Adjutant General Pomeroy, of Phoenix, for the loan, through Rev. B. R. Cocks, of five army tents and forty cots; to the Pastor of the Northern Methodist Church in Prescott for the loan of fifty-five folding chairs; and to the Yavapai Club in Prescott for the loan of dining tables, spring cots, pads, and pillows. But for these courtesies we could not have taken care of our crowd with the comfort that they enjoyed.

II. Work Among the Isolated.

Mrs. Vera M. Bleyle, District Supervisor.

The purpose of this work is to minister, in so far as we can by correspondence, to those who for any reason are without the pastoral ministry of the Church, especially to those living in out-of-the-way places, and to shut-ins wherever they may be. This work is particularly important in Arizona because of the many wide stretches of thinly settled territory where we find increasing numbers of isolated Church people.

Too much cannot be said in appreciation of Mrs. Bleyle's work in behalf of these isolated people. Herself a shut-in though living in Phoenix, she is tireless in her zeal, beautiful in her spirit, and the members of our Department are happy to know that Miss Edna Eastwood, the National Secretary, is soon to spend ten days in the District in the interest of this work, two days of which will be given largely to Mrs. Bleyle herself.

The official report for the year 1930, sent by Mrs. Bleyle to the Department of Religious Education, is as follows:

(1) STATISTICAL:

Total number on list during year.....188
Total number on list at present.....158
First letter explaining and offering service.....179
Letter from the Bishop explaining work sent to.....131

And more than a dozen other pieces of literature were sent during the year.

(2) FINANCIAL:

Receipts:

Mr. Harold Baxter, Treasurer, on order Department of Religious Education $40.00
Miss Edna Eastwood, special contribution 5.00

Rev. W. E. Cox, advanced for Daily Bible Readings	13.14
Christmas Gift, two children Fort McDowell section	5.00
TOTAL	$63.14
Disbursements:	$58.74
Balance on hand January 28, 1931	$ 4.40

III. Special Offerings:

The Special Offerings, oversight of which has been assigned to this department, are being looked after by the Rev. E. W. Simonson who has been appointed by the department as special secretary for these offerings. Special envelopes were printed and distributed for the Advent Offering, Mite Boxes with accompanying literature for the Lenten Offering have been sent out, and the Birthday Thank Offering is being accumulated as usual during the triennium between General Conventions.

IV. Young People in College:

The duty of getting from each congregation a list of its young people who are away at school or college, then notifying the Student Pastor or local Rector at each school or college, has been assigned to the Rev. Fred P. Sutton, appointed by the Department as special Secretary for College Young People.

V. The Young People's Fellowship:

Rev. W. A. Thomas, Executive Secretary.

While this work comes within the province of the Department of Religious Education, and by virtue of that fact its Executive Secretary is ex-officio a member of the Department of Religious Education, it is nevertheless a separate and distinct work. It has an elaborate and complete organization of its own. Its Executive Secretary is appointed by the Bishop, not by this Department, and he no doubt has his individual report for this work. Acting on this assumption, we present no report here further than to mention the Y. P. F. as one branch of the work of this Department. The detailed report we leave to its Executive Secretary.

We deem it proper to add, however, that this Department has a profound interest in the Y. P. F. and its work, and that it stands ready to further the interest of that work in any and every way it can, consistent with a proper deference to its own official head and its organization.

VI. The Department in Account with Convocation:

Appropriated by Convocation February 5, 1930, for the work of this Department	$150.00
Paid by Mr. Harold Baxter, Treasurer, on order of Rev. W. E. Cox, chairman of Department of Religious Education, including two drafts on the Treasurer still outstanding	$149.57
Unused Balance after outstanding drafts are paid	$ .43

VII. RESOLUTIONS:

1. RESOLVED, That the sum of $150,000 be appropri- for the necessary expenses of the Department of Religious Education, chief items of which are the work among the isolated, programs for the Summer School, and the Advent Offering Envelopes.

2. RESOLVED, That the Department of Publicity be requested to make the May issue of The Arizona Church Record an Arizona Vacation Conference number, and that the same be printed and mailed out not later than May 15th.

3. RESOLVED, That the Chairman of the Department of Religious Education be instructed to express to Mrs. Vera M. Bleyle, in behalf of the whole Convocation, appreciation of the fine work she is doing as District Supervisor of the work among the isolated Church people of this District.

Respectfully submitted,

W. E. COX,
Chairman.

APPENDIX NO. 5

DEPARTMENT OF SOCIAL SERVICE

Following an introduction in which the Chairman indicated the handicap to the work of a leadership remote from the Capital District, the report continued:

Bishop Mitchell has recently performed one of the functions of an ideally qualified and located Chairman of Social Service in his warning sent to all his Clergy against the threat of the Crenshaw Easy Divorce Bill pending in our State Senate. It is to be supposed that in every parish and mission immediate action was taken in accordance with this timely call. As this Bill once failing of passage is now about to be reconsidered by the Senate, we recommend the adoption of the following resolutions and the

wiring of their essence to the President of the Senate by the Secretary of Convocation;

WHEREAS, The Crenshaw Ninety Days Divorce Bill threatens the duplication in our state of the conditions which have gained for Reno, Nevada, an unenviable notoriety in the eyes of the whole nation, and

WHEREAS, Such conditions of easy divorce would constitute, we believe, an added menace to the American home and a most regrettable example to our youth,

THEREFORE BE IT RESOLVED, That we deeply regret the introduction of this bill as a backward step, suggested, we believe, by selfish rather than patriotic interests,

AND BE IT FURTHER RESOLVED, That we call upon all citizens who believe the stability of the home to be one of the foundation pillars of the state to write their Senators in emphatic protest against this bill and in the event of its passage by the Senate to send like protest to their representatives in the House, suggesting even to those representatives who may be personally in favor of the bill that in view of the fact that their election registered in no respect the convictions of their constituents upon this vital question the least they can do in fairness to the state is to refer the question, if necessary, to the people by way of a state referendum. (The resolution was adopted as read.)

We report an immediate and cordial response of this Committee through its Chairman to the recent emergency call from headquarters of our Social Service Department in view of the unexpected action of the U. S. Senate Foreign Relations Committee in voting to postpone all action upon the World Court protocols until December 31, 1931.

Your Committee would offer the following resolutions:

WHEREAS, The World Court is in an especial sense an American idea, having been supported by every President and Secretary of State without regard to party for the past thirty years, and having finally taken form largely under the shaping hand of that outstanding American international statesman, Elihu Root, and including now upon its bench that distinguished American jurist, ex-Secretary Frank B. Kellogg, and

WHEREAS, The United States has already, in the Kellogg-Briand treaty entered into agreement with fifty-seven other nations to outlaw war in the settlement of international differences and to substitute the sane arbitrament of law, and

WHEREAS, Such arbitrament of international disputes necessitates an international Court, and

WHEREAS, In January 1930 the Senate voted overwhelmingly in favor of the entry of the United States into the World Court provided such entry could be on absolutely equal terms with all other nations without regard to membership or non-membership in the League of Nations, and

WHEREAS, Since January 1930 the other nations adhering to the World Court have taken such action as to meet completely, in the judgment of such consulting American statesmen as Elihu Root every demand and to safeguard every interest of the United States, and

WHEREAS, This action has been embodied in the present World Court protocols which have been signed by the President of the United States and presented to the Senate for ratification, and

WHEREAS, in the event now of the breakdown of such rational means to international settlements and the recourse to the arbitrament of mutual slaughter, the next war will mean the use of bombing planes directed by wireless, carrying their lifting capacity of gas generating chemicals and capable in a few hours of annihilating every living thing down a swath of death the width of Europe,

THEREFORE BE IT RESOLVED, That this Convocation views with deep disappointment the action of the Foreign Relations Committee of the Senate in postponing the ratification of the previous action of the Senate upon their own exact terms and earnestly hopes that the Senate will by ratification at the earliest practicable moment of the World Court protocols avoid stultifying itself in the eyes of the nations of the world and incurring by bad faith in this supremely important issue an immeasurable share of guilt in the event of another World War which will spell not war but the suicide of civilization.

AND BE IT FURTHER RESOLVED, That a copy of these resolutions be sent by the Secretary of Convocation to our Senators from Arizona with request for their fullest co-operation in the ratification of the World Court treaty. (These resolutions were adopted as read.)

Your Committee would offer the following resolutions as suggested by our Bishop's virile and cogent address of the morning:

RESOLVED, That it is the sense of Convocation in endorsement of the action of the Lambeth Conference that no Christian man ought to support his Country in a war for any cause which that country has refused to submit first to arbitration or in respect to which it has refused to abide by the result thereof. (This resolution was adopted.)

We should like to embody some convictions and suggestions on this subject in the following resolutions:

WHEREAS, We recognize that the supreme aim and reliance in all efforts at human betterment must be not external law and compulsion but inner conviction and resolve, and that the essence of the New Testament as distinguished from the Old is the writing of the law in the heart, and

WHEREAS, From the ancient pronouncement that "Wine is a mocker" to the latest disclosures of physiological psychology laboratories there is irrefutable testimony to the self-delusive effect of ethyl hydrate or alcohol as a narcotic drug upon the brain, impairing first, as do other narcotics, the delicate seat of self-judgment and the faculty of accurate criticism of surroundings, making the user as Bernard Shaw has recently said "happy and silly" long before the progressive effects of its ether-like stupor have paralyzed the centers of speech and motion, and

WHEREAS, The further effects of the beverage use of, and traffic in alcoholic liquors, whether considered from the spiritual, mental, moral, physical, social, political, or economic viewpoints have been so harmful as abundantly to warrant the verdict of the late Cardinal Manning of England when he gave as his outstanding conviction after more than forty years as priest and Bishop in London that the most stealthy, direct, and ubiquitous antagonist of the Holy Ghost is intoxicating drink, and

WHEREAS, These and other telling indictments scientifically based are cogently and brilliantly set forth in recent articles by G. Bernard Shaw and others and in such books as "Drink and be Sober" by Vance Thompson, "Prohibition at its Worst" by Prof. Irving Fisher of Yale, "The Inside of Prohibition" by former Assistant Attorney General Wildebrant, and the new novel, "Tiger! Tiger!" by Honore Willsie Morrow.

THEREFORE BE IT RESOLVED, That we favor the adoption as widely as possible of such program of education as outlined above, preferably co-operative and especially directed to the inculcation in our youth of such convictions as the scientific study of the liquor question is calculated to produce with the hope of developing an earnest and adequate moral support of our government in stamping out the present outlawed and demoralizing traffic in intoxicating drink.

AND BE IT FURTHER RESOLVED, That to this end we recommend that the above-named volumes be added to our clergy library in Phoenix and that our Clergy use their influence in securing copies for their local public libraries that they may be available for study class and other reference throughout the State. (These resolutions were adopted as read.)

RESOLVED, That the sum of $15.00 be appropriated as already recommended by the Finance Committee for the office expense of this Committee for the coming year. (Adopted.)

Respectfully submitted,

FRANCIS THEODORE BROWN,
Chairman.

APPENDIX NO. 6

DEPARTMENT OF FINANCE

In investigating the financial situation of the various parishes and missions this Department feels that at least for this year there must be a definite retrenchment. The Quota of $6,000.00 requested by the National Council for the General Church Program has not been disturbed. However, drastic cuts have been made both in the District Mission Fund and in the District Assessment. These cuts amount to 20% of the budget proposed in November. To meet the minimum needs it is essential that the various parishes and missions meet their quotas in full.

The following is a table of assessments based on the current expenses:

	General Church and District Mission Quota	District Assessment	Total
Phoenix Trinity	$2,438.74	$696.78	$3,135.52
Douglas	599.96	171.42	771.38

Winslow	122.28	34.94	157.22
Yuma	179.47	51.28	230.75

The Department recommends that all deficits in assessments for the year 1930 be cancelled. We also recommend that the balance of the $1500.00 pledged in 1930 for the Advance Work of the General Church Program be assumed voluntarily by the various parishes and missions.

C. H. McKELLIPS,
Chairman.

After some discussion the following parishes and missions voluntarily assumed the $900.00 deficit for Advance Work in 1930 as per this schedule:

Phoenix, Trinity	$400.00	Holbrook	1.75
Douglas	125.00	Globe	$50.00
Mesa	25.12	Jerome	23.29

APPENDIX NO. 7

DEPARTMENT OF PUBLICITY

Your Department of Publicity begs leave to report:

The activity of the Department has been confined to the publishing of the Record. There were ten issues during 1930 and we have continued to follow the suggestion in the 1929 report and have published the histories of the following Churches: Fort Defiance, Clifton, Morenci, Yuma, Globe, Nogales, and Kingman, making a total of 12 histories published in the last two years. There are still histories from Douglas, Mesa and Chandler, Clarkdale, Flagstaff and Williams, Holbrook and Winslow, Jerome, Ray and Hayden, and Salome to be published. It is our hope that in this manner we will have a complete history of the Episcopal Church in Arizona. Many of the older members are dying and there is only an oral tradition of the early days of the Church in certain localities and these stories are growing less and less reliable as the time goes on. Some day there will be wanted a history of a particular Church that may be observing an anniversary and it will be able to find it in the Record if only the Clergy now will have it written. But Clergy are notorious for

not answering letters and the treatment of the letters of the editor asking for these histories is no exception to the rule.

The May issue featured the Summer School; the November number the Quota. We are always glad to make any issue a special. We still, following the recommendation of the Bishop in his 1930 address, are only too glad to print articles from the chairmen of the different Departments of the Executive Council. It is, however, impossible to print articles read at the different meetings of the Church during the year. We have on our desk two most interesting articles but because of their length and the lack of space in the paper we are unable to print them.

At the suggestion of the Bishop we published a notice that we would run a "want column" in the Record so that any mission in need of Ecclesiastical furniture could let its want be known; and any parish, not only in Arizona, but wherever the Record is read, that had articles stored away could again have them put in use. As we have had no requests to use the "want column" we take it for granted that there is no need for any further Church furnishing in Arizona.

We have started a Brotherhood of St. Andrew column as there are now so many chapters in the District that we feel that their organization should have publicity in the Record.

As it was so successful last year, we again recommend that a sufficient number of copies of the Bishop's address be printed at the time of the printing of the journal and be mailed as a supplement to the Record.

We would recommend that programs be printed in the Record before the meeting of the Regional Conferences, Summer School, and Convocation.

Respectfully submitted,

C. E. HUNTINGTON,
Chairman.

APPENDIX NO. 12

REPORT OF THE COMMITTEE ON CHURCH ARCHITECTURE AND ALLIED ARTS

The Committee on Church Architecture and Allied Arts report the erection of an addition to the Cathedral Plant, consisting of a two story building with assembly room and Parish Hall, Meeting rooms for Auxiliary Guild and Kindergarten, G. F. S. and Primary Department, Class Rooms and Kitchen space. This is financed by the Parish of Trinity and will cost approximately Sixty Thousand Dollars. This building is to be ready for the use of the Synod meeting in May.

Three new community houses were built in the wide parish of Rev. E. T. Simpson in the Salome Field.

The Yuma Parish House has been completed and furnished at a cost of $11,000.00 The present Vicar of St. Paul's publicly stated that it was one of the most convenient and finest parish houses he had ever seen. It reflects great credit upon the architect, V. O. Wallingford, who not only gave his time but also a generous donation.

Other building projects are under consideration, but not ready for report, and owing to financial conditions are more or less delayed for the present.

Improvements and repairs to the Parish House at St. John's, Globe, were completed last year just before the divisional conference; and the congregation at that church are to be complimented.

St. Andrew's, Phoenix, has moved their building from a leased site to their own site, and the exterior of the building finished with cement stucco, making a very presentable chapel.

The Committee stands ready to advise, or criticise details of building projects, alterations, and improvements. We recommend constant attention to local repairs, painting, and upkeep of properties.

Respectfully submitted,

WM. J. DIXON,
Chairman.

APPENDIX NO. 13

REPORT OF THE COMMITTEE ON THE BISHOP'S ADDRESS

The Committee wishes to express to the Bishop the Convocation's appreciation of his Annual Address, and to congratulate him and the District on the progress of the Church's work in Arizona during a most difficult year. This progress being shown both in increased attendance at worship by the laity and by more vigorous leadership by the clergy.

With the Bishop we are thankful that there have been fewer clerical changes than usual to report, and with him we hope that the positions still vacant will be soon filled.

The Committee is confident that the Bishop spoke for the entire Convocation in his words of appreciation of the Rev. E. W. Simonson's twenty-five years of constructive effort in Douglas and in the District, and hopes further that some fitting resolution may be passed by this Convocation relative to the retirement of the Rev. J. W. Dixon from the active ministry. Mr. Dixon has served the District of Arizona faithfully and with entire self-forgetfulness, and well merits the love and admiration which the Episcopal Church in Arizona feels for him.

With the Bishop we wish to call the attention of this Convocation, and of the Church as a whole, to the wonderful work done among the Navajos and among the tuberculous in the various hospitals in the District, and to the newer work among the isolated families of the state and among the Latin Americans, beginnings which, we hope, are prophetic of a larger work throughout the State—a fulfillment of a clear obligation put upon us as citizens of Arizona.

The Committee endorses heartily the Bishop's commendation of the ideals expressed by the Lambeth Conference, especially in regard to the Church's duty in the matter of arbitration to avoid war, and in their efforts towards Church Unity, and suggests that this Convocation gratify the hopes expressed by our Bishop: first, that we memorialize our Synod to declare, with the Lambeth Conference, that it is the plain duty of every Christian to refuse to aid in any manner any war, if the country to which he belongs has first refused to submit the subject to arbitration and to abide by the results; and secondly, that we memorialize the General Convention for permissive use of the New Commandment of Our Lord in the Communion Service.

We wish to call the attention of this Convocation particularly to the Bishop's request, that we make every effort to attend the coming Synod and General Convention.

And finally the Committee commends to the Convocation the very definite stand taken by our Bishop in the matter of Obedience to Law; and feels sure that it is speaking for every member of the Church in Arizona in expressing the earnest hope that some constructive system of education may soon be devised that will bring some sort of order out of the present chaos.

Respectfully submitted,

L. F. BRADY
E. C. TUTHILL

APPENDIX NO. 15

REPORT OF THE GOOD SHEPHERD MISSION TO THE NAVAJOS

During the summer we were obliged to find three new U. T. O. workers as but one remained. This was accomplished and we now have, I feel sure, as fine a staff of U. T. O. workers as any mission in the Church.

Miss Jane Pitkin, who has had four years' experience in teaching in the east and who is a graduate of Teacher's College in New York City, came to take charge of the teaching and the children are progressing splendidly and are all devoted to her.

Miss Ruth Harmon, who did such splendid work among the Indians in both South Dakota and Nevada, came to us as housekeeper and housemother for the girls and a most capable and efficient one she is proving to be, and a real mother to the children under her care. The same is true of Miss Ella E. Davis, a graduate of the Church Training School in Philadelphia, who acts in the same capacity for the boys and is as devoted and consecrated a worker as are Miss Harmon and Miss Pitkin. They are all most willing to turn their hand to anything and help out with whatever emergency may arise.

Living at the mission we have thirty children. Six of these children are orphans, ten are half orphans, in nearly every case having no mother, fourteen have both parents living. The orphans are given the preference so in time we will undoubtedly have no others. Our oldest child is but twelve years old and we have seven five years old and younger. We have been obliged to refuse many children during the past year, two of them being babies in arms, but until we have other accommodations than an older child's dormitory we will be unable to admit orphan babies.

With this most efficient staff of workers we have been able to carry out some of our plans for social and visiting nurse's work. There is a great need for this branch of our work because the Navajos are asking for nurses to come among them in isolated places on the reservation and, if the Church helps to fill this need, the message of Christ can go with it. At present, accompanied by Tsehe, our interpreter, I make visits within driving distances from the mission for a half a day at a time caring for the sick and injured. Then we have established a weekly clinic in a trader's store on the mountain twenty-five miles from here. Twenty-five miles in another direction we hold a clinic twice a

month, one of these trips on the day the council for that district meets when from seventy-five to a hundred Indians gather. On another date in each month we hold a clinic at another council meeting seven miles from the mission, where sick and injured can be cared for, and where we can hear of others left at home who may need us. Much as I should like to there is no time to tell of the different cases of injured and sick that we have found on these trips nor of the warm welcome we receive nor of the gratitude of the Indians and of their interest in the talks we give them. When a priest comes to take over much that I must now do, I hope to spend the best part of my time out among these scattered people or with them at the mission the days they come to me for treatment, instruction in the care of children and homes and for the message we can give them for the surface of this branch of our work has only been scratched.

Respectfully submitted,

ANNE E. CADY,
Acting Superintendent.

APPENDIX NO. 16

REPORT OF CHAPLAIN TO THE SICK

As Chaplain of St. Luke's-in-the-Desert, and Pastor to the sick of Tucson I herewith make my annual report.

During the year 1930 I held 51 services at St. Luke's and four Communion Services. I made at least two visits each day to the wards.

As pastor to the sick of Tucson I made 1876 calls on my people and celebrated the Holy Communion 114 times.

In Tucson I had three weddings, seven funerals, one baptism, one annointing. I made a Good Friday address before the Knight Templars in the Masonic Temple, and assisted at Mr. Rainey's ordination.

At Grace Church I celebrated the Holy Communion 11 times; assisted at 10 celebrations; read Morning Prayer six times; Evening Prayer once and preached eight sermons.

At Nogales I read Morning Prayer and preached a sermon. At Bisbee I celebrated the Holy Communion and preached. At Ray I read Evening Prayer, preached, and baptised an infant.

At Hayden I presented a candidate for confirmation.

At Phoenix I presented the Rev. Mr. Sutton for ordination. These are the acts that can be tabulated but there were many other things that cannot be tabulated such as finding places for people to board, taking people out riding or to the doctors or

dentists, distributing magazines sent to me by the C. P. C. (and it is a wonderful help) these are the little things that make my life very full.

Very truly yours,

C. E. HUNTINGTON.
